

The institute hosts parent-teacher conferences with the following goals in mind.

Discuss and share student improvement and academic progress based on observations, evaluation data, portfolios, assessments, and assignments.

Talk about methods that help pupils learn.

Every year, PTM is conducted by our organization, the Godavi Foundation Dr. Ulhas Patil Medical College and Hospital in Jalgaon. In order to maximize participation and accommodate a larger group of parents, these meetings were organized to accommodate the convenience of both parents and teachers. Parents are notified via SMS calls of the meeting's scheduled date and time.

Existence and Regularity:

- A PTM committee has been formed by the institute.

This committee holds the PTM twice a year; the meetings are planned following review and assessment; the committee notifies students of the meeting's specifics via the media; and the dean of the institute gives an introductory statement outlining the organization's vision, mission, and goals. learning and talking about the elements that influence learning, behavior development, motivation, relationships, strengths, and challenges Parents are shown the planned performance, enabling accurate evaluation. Parents provided input on the student's areas of strength, needs, and performance improvisation strategy.
