### • Student's feedback: Summary

Feedback was collected from 155 students across all the professional years at the end of the pre-final practical exams.

1. 46% agreed that curriculum content is interesting while 35% strongly agreed for the same.
2. 44% agreed and 33% strongly agreed that the curriculum fulfilled their expectation and helped them in developing their personalities.
3. 52% strongly agreed and 36% agreed that the curriculum will be helpful in their future practice.
4. 46% agreed and 40% strongly agreed that the curriculum is relevant to meet the global health standards. 12% were neutral in their responses
5. Around 71% either agreed or strongly agreed that the assessment methods measured their complete knowledge, while 26% responses were neutral
6. 67% agreed or strongly agreed that the entire syllabus was covered in the course period. While 24% response were neutral.
7. 82 % agreed or strongly agreed that the recommended textbooks and reference books are relevant to syllabus and are adequately available in library.
8. 48% felt strongly and 39% felt that syllabus enabled them to improve their abilities to investigate, diagnose, analyse and treat different clinical cases.
9. 37% strongly felt while 33% felt they were overloaded with the volume of syllabus.
10. 80% felt or strongly felt that the current internal assessments methods helped them to solve University exams.

**Student's suggestions / opinions:** Some of the student suggested more practical and case studies to be included in the teaching. Some suggested more sport activities and more time for self-study. There is a request regarding new edition books in the library.

## • Teacher's feedback: Summary

Feedback was collected 32 faculty members. The feedback was collected at the end of the pre-final practical examination.

1. Except one being neutral, all the other faculty members agreed or strongly agreed that the current syllabus is need based.
2. 91.53% of faculty agreed that the aims and objectives of the syllabus were well defined and clear to students and teachers also.
3. 57.63% teachers agreed, while 28.81 strongly agreed that the curriculum had good flexibility.
4. 84.75% teachers responded positively that the syllabus is update and well defined to meet the demand of the society.
5. Only 64.41% teachers agreed or strongly agreed that enough time provided to cover the syllabus before the examination. 18.64% were neutral while remaining either strongly disagreed or just disagreed.
6. 86.44% either agreed strongly or just agreed that the course content intellectually stimulates the students.
7. 6.78% disagreed that the course content satisfies the needs of pursuing PG/super specialties courses while 11.86% were neutral. Remaining teachers either strongly agreed or just agreed.
8. 3.39% disagreed and same percentage of teachers were neutral regarding course assessment methods were appropriate to the curriculum, while remaining teachers either agreed or strongly agreed.
9. Barring 4.78% of teachers, all the other remaining teachers agreed that current syllabus covered the fundamentals.
10. Barring 4.78% of teachers, all the other remaining teachers agreed that current syllabus has relevance with the academics, lab work, practical work, patient care and research.

**Teacher's suggestions / opinions:** Some teacher's suggested that CBME patter curriculum is good but proper implementation is not possible in short duration phase period and suggested that increase time limit to cover syllabus while another teacher suggest that increase teaching faculty for CBME. One teacher comments better to conduct weekly test and we need to have more planned structures for conduction of OSPE/OSCE by University.

### • Professional's feedback

Feedbacks of professional were collected after completion of university practical examinations. This year 6 professional individuals recorded their feedback.

1. 100% professionals agree or strongly agreed that the syllabus is suitable for the programme.
2. 100% professionals agreed that this syllabus is need based.
3. 50% professional strongly agreed and 50% professional agreed that the objectives of the syllabus were clearly defined.
4. 50% professional agreed that syllabus bridged the gap between theory and the practical. 33% professional responded strongly while 17% neutral.
5. 67 % strongly agreed that curriculum provides adequate practical / clinical skills to students while others were responded positively.
6. 50% professional agreed and 33% strongly agreed that the current assessment method are relevant to the syllabus.
7. 17% professional neutral while 83% agreed or strongly agreed that the current curriculum imparts more knowledge in the field of medical education.
8. Only 67% professional felt that curriculum is more practical in solving issues related to work/ domain, while 17% professional strongly felt. 17% professional remained neutral.
9. 83% professional agreed or strongly agreed that existing curriculum facilitates self-learning, while 17 % professional remained neutral.
10. The entire professional rated the overall syllabus/ curriculum positively.

**Professional's suggestions / opinions:** One of the teacher suggested that assessment methods can be revised and improved upon.

### • Alumni's feedback

Alumni's feedback was recorded till the end of June 2022. Three alumni's recorded their feedbacks.

1. Our Alumni agreed that the curriculum was updated to recent standards.
2. 100% Alumni agreed that the curriculum contents were interesting.
3. 100% of Alumni strongly agreed that the curriculum fulfilled their expectation.
4. All of the alumni agreed that the curriculum is applicable in future practices.
5. 100% Alumni's strong agreed that the curriculum is relevant to meet global practice standards.
6. All of the alumni agreed that the there is need to include skill based contents in current syllabus.
7. 100% Alumni's strongly agreed that the assessment method completely measured their knowledge.
8. All of the alumni strongly felt for upgradation of syllabus.
9. 100% of alumni strongly agreed that the syllabus helped them to improve their clinical, practical and research skills.

### • Employer's feedback;

Employer's feedback received by June 2022 were taken for the analysis. One feedback was received till June 2022.

1. 100% response was received which agreed the relevance of course in relation to programme.
2. 100% Employer strongly agreed with sufficiency of the courses related to medical field that are included in the program.
3. 100% Employer rated that the competencies/outcomes were in relation to the course content.
4. 100% Employer strongly agreed to the syllabus offering of the in relation to the specialization streams.
5. 100% Employer strongly agreed the applicability of the domains and the tools used for designing the experiments in terms of existing practices in the medical field.
6. All the Employer's highly rated the experiments in terms of their relevance to the real life application.
7. All the Employer's highly rated the proficiency of our students working with them.
8. All the Employer's felt that the newly joined Doctors are knowledgeable in medical field.
9. All the Employer's agreed that joined Doctors are able to communicate well with patients.
10. All the Employer's strongly agreed of good behaviour and rational approach while handling patients

### • Student's feedback: Summary

Feedback was collected from 370 students across all the professional years at the end of the university practical exams.

1. 43.78% agreed that curriculum was updated while 30.54% strongly agreed for the same
2. 43.24% agreed and 27.3% strongly agreed that the curriculum fulfilled their expectation and helped them in developing their personalities.
3. 42.16% agreed and 33.15 strongly agreed that the curriculum will be helpful in their future practice.
4. 38.92% agreed and 26.22% strongly agreed that the curriculum is relevant to meet the global health standards. 27.84% were neutral in their responses
5. Around 60.81 % either agreed or strongly agreed that the assessment methods measured their complete knowledge, while 29.46% responses were neutral
6. 55.94 % agreed or strongly agreed that the entire syllabus was covered in the course period. While 29.46% response were neutral.
7. 67.03% agreed or strongly agreed that the recommended textbooks and reference books are relevant to syllabus and are adequately available in library.
8. 70.27% felt or strongly felt that syllabus enabled them to improve their abilities to investigate, diagnose, analyse and treat different clinical cases.
9. 31.62% strongly felt while 30% felt they were overloaded with the volume of syllabus.
10. 67.03% felt or strongly felt that the current internal assessments methods helped them to solve University exams.

Some of the student suggested more practical and case studies to be included in the teaching. Some suggested more sport activities and more time for self study.

### • Teacher's feedback: Summary

Feedback was collected 59 faculty members. The feedback was collected at the end of university practical examination.

1. Except one being neutral, all the other faculty members agreed or strongly agreed that the current syllabus is need based.
2. 91.53% of faculty agreed that the aims and objectives of the syllabus were well defined and clear to students and teachers also.
3. 57.63% teachers agreed, while 28.81 strongly agreed that the curriculum had good flexibility.
4. 84.75% teachers responded positively that the syllabus is update and well defined to meet the demand of the society.
5. Only 64.41% teachers agreed or strongly agreed that enough time provided to cover the syllabus before the examination. 18.64% were neutral while remaining either strongly disagreed or just disagreed.
6. 86.44% either agreed strongly or just agreed that the course content intellectually stimulates the students.
7. 6.78% disagreed that the course content satisfies the needs of pursuing PG/super specialties courses while 11.86% were neutral. Remaining teachers either strongly agreed or just agreed.
8. 3.39% disagreed and same percentage of teachers were neutral regarding course assessment methods were appropriate to the curriculum, while remaining teachers either agreed or strongly agreed.
9. Barring 4.78% of teachers, all the other remaining teachers agreed that current syllabus covered the fundamentals.
10. Barring 4.78% of teachers, all the other remaining teachers agreed that current syllabus has relevance with the academics, lab work, practical work, patient care and research.

Few of the teacher's suggested that for better implementation of syllabus the staff positions should be increased specially in basic medical subjects. Some of the teacher also suggested to increase in teacher's training programme.

### • Professional's feedback

Feedback of professional were collected after completion of university practical examinations. This year 7 professional individuals recorded their feedback.

1. 100% professionals agree or strongly agreed that the syllabus is suitable for the programme.
2. Except one all the other professionals agreed that this syllabus is need based.
3. 85.71% professional agreed that the objectives of the syllabus were clearly defined.
4. 57.14% professional agreed that syllabus bridged the gap between theory and the practical. 28.57% professional responded neutrally while 14.29% disagreed.
5. 28.57 % disagreed to the fact that curriculum provides adequate practical / clinical skills to students while other were responded positively.
6. 71.43% professional agreed that the current assessment method are relevant to the syllabus while 14.29% remained neutral.
7. 14.29% professional disagreed, 14.29% remained neutral while 71.43% agreed or strongly agreed that the current curriculum imparts more knowledge in the field of medical education.
8. Only 57.14% professional felt that curriculum is more practical in solving issues related to work/ domain, while 14.29% professional disagreed. 28.57 % professional remained neutral.
9. 57.14% professional felt that existing curriculum facilitates self-learning. 14.29% professional disagreed while 28.57 % professional remained neutral.
- 10 Except one all the other professional rated the overall syllabus/ curriculum positively.

### • Alumni's feedback

Alumni's feedback was recorded till the end of June 2021. Three alumni's recorded their feedbacks.

1. All Alumni agreed that the curriculum was updated to recent standards.
2. 66.66% alumni agreed that the curriculum contents were interesting, while 33.33% were neutral.
3. 66.66% strongly agreed that the curriculum fulfilled their expectation while 33.33% also agreed with the same view.
4. 66.66% Alumni's strong agreed that the curriculum is applicable in future practices while 33.33% alumni were neutral in their response.
5. 66.66% Alumni's strong agreed that the curriculum is relevant to meet global practice standards while 33.33% alumni were neutral in their response.
6. All of the alumni agreed that there is need to include skill based contents in current syllabus.
7. 66.66% Alumni's strong agreed that the assessment method completely measured their knowledge while 33.33% alumni were neutral in their response.
8. Only 33.33% strongly felt for upgradation of syllabus but 66.66% were neutral in their responses.
9. All the alumni agreed that the syllabus helped them to improve their clinical, practical and research skills.

### • Employer's feedback:

Employer's feedback received by June 2021 were taken for the analysis. One feedback was received till June 21.

1. 100% response was received which agreed the relevance of course in relation to programme.
2. 100% Employer strongly agreed with sufficiency of the courses related to medical field that are included in the program.
3. 100% Employer rated that the competencies/outcomes were in relation to the course content.
4. 100% Employer strongly agreed to the syllabus offering of the in relation to the specialization streams.
5. 100% Employer strongly agreed the applicability of the domains and the tools used for designing the experiments in terms of existing practices in the medical field.
6. All the Employer's highly rated the experiments in terms of their relevance to the real life application.
7. All the Employer's highly rated the proficiency of our students working with them.
8. All the Employer's felt that the newly joined Doctors are knowledgeable in medical field.
9. All the Employer's agreed that joined Doctors are able to communicate well with patients.
10. All the Employer's strongly agreed of good behaviour and rational approach while handling patients

### • Teacher's feedback: Summary

Feedback was collected 34 faculty members. The feedback was collected at the end of university practical examination.

1. 88.24% agreed or strongly agreed that the syllabus is according to the need of the society. 5.88% disagreed with this view while same number remained neutral in their response.
2. 85.29% of faculty agreed or strongly agreed that the aims and objectives of the syllabus were well defined and clear to students and teachers also.
3. 70.59% teachers agreed, while 14.71% strongly agreed that the curriculum had good flexibility.
4. 79.41% teachers responded positively that the syllabus is update and well defined to meet the demand of the society.
5. 73.53% teachers agreed or strongly agreed that enough time provided to cover the syllabus before the examination. 14.71% were neutral while remaining either strongly disagreed or just disagreed.
6. 85.29% either agreed strongly or just agreed that the course content intellectually stimulates the students.
7. Only 8.82% responded neutrally but rest 91.18% either agreed or strongly agreed that the course content satisfies the needs of pursuing PG/super specialties courses.
8. None of them disagreed while 11.76% of teachers were neutral regarding course assessment methods were appropriate to the curriculum, while remaining teachers either agreed or strongly agreed.
9. Barring 8.82% of teachers who were neutral, all the other remaining teachers agreed that current syllabus covered the fundamentals.
10. 2.94% disagreed and 14.71 were neutral while, all the other remaining teachers agreed that current syllabus has relevance with the academics, lab work, practical work, patient care and research.

This feedback might be influenced by covid 19 pandemic. More practical period and bed side should have been included was suggestion received from most of the staff. Radiodiagnosis syllabus was not well defined for the UG curriculum.

### • Alumni's feedback: Summary

Alumni's feedback was recorded till the end of June 2020. Three alumni's recorded their feedbacks.

1. 83.33% Alumni strongly agreed while 16.67% just agreed that the curriculum was updated to recent standards.
2. 100% alumni agreed that the curriculum contents were interesting.
3. 100% strongly agreed that the curriculum fulfilled their expectation.
4. 83.33% Alumni's strong agreed that the curriculum is applicable in future practices while 16.67% alumni only agreed.
5. 100% Alumni's strong agreed that the curriculum is relevant to meet global practice standards.
6. All of the alumni agreed that there is need to include skill based contents in current syllabus.
7. 66.67% Alumni's strong agreed that the assessment method completely measured their knowledge while 33.33% alumni only agreed.
8. Only 33.33% felt neutral for upgradation of syllabus but 66.66 % were strongly felt it is required.
9. All the alumni agreed or strongly agreed that the syllabus helped them to improve their clinical, practical and research skills.
