Competency Based Medical Education curriculum aims to impart skills, competencies and problem solving abilities amongst graduates but to implement it successfully it needs more faculty members for small Group Teaching which is a core strength of CBME. Governing body should rethink over it.

10	How is the relevant of syllabus with Academics, Practical work, Lab Work, Patient Care and Research			✓		

Your opinion / Suggestion for improvement in the contents of syllabus:

To match with current curriculum syllabus work more faculty is needed.

→ This is because time is less & work is more so more staff should be recruited.
