### **6.1.1 The Institution has clearly stated vision and mission which are reflected in its academic and administrative governance.**

DUPMC is committed to impart quality education to medical graduate and postgraduate with development of their right attitude, professional competence and right ethical values.

We are practicing the modesty of looking for new starting lines than be content with finishing lines reached. We admit lot of challenges and hurdles; can walk for mile and miles to go before we complete our vision and mission.

#### **Vision:**

Vision of the institute is to produce quality health care professionals and to promote excellence in health care. Dr. Ulhas Patil Medical College & Hospital, Jalgaon will seek to be a center of excellence in Medical Education, Research and Healthcare Services at the National and International Level.

#### **MISSION:**

Mission of the institute is to impart excellent education opportunities for the students of health care profession. The institute in pursuit of its vision will provide outstanding educational experience, in all the disciplines of Medicine and allied Health Sciences, in a supportive environment of scholarship, research, integrity, critical thinking and self-directed learning. It will provide comprehensive, culturally sensitive, community-oriented Health care to individuals and families.

#### **Nature of governance**

The institute is governed by Godavari Foundation, headed by the president of the foundation. Institute strives to work on the mission with the help of various stakeholders to achieve its vision.

The administrative system of the institute is decentralized for good governance and execution. The institute has a College Council headed by the Dean. All Head of the Departments (HODs) are members of this council. Meetings of the Council are held at regular intervals to discuss

various agendas and decisions taken therein are implemented. This council also reviews all academic and administrative processes and whenever necessary submit their suggestions to the Executive Council for necessary review and approval.

HOD is delegated with department level authority who communicates responsibilities to the faculty members through regular staff meetings.

Internal coordination and monitoring mechanisms of the institute are very efficient. The dean of college and functionaries of college have developed good quality educational management system along with above mentioned qualities and policies. For this purpose various policies formulated, objectives are laid down and plans made, which are maintained by regular follow up.

The heads of departments and teachers coordinate and plan their individual departmental activities with guidance of medical education unit.

### **Perspective plans:**

The institute develops perspective plan for every five years taking into consideration vision and mission. The strategic plan is discussed in the College Council meeting and forwarded to the executive council for final approval. This plan/some of its components are reviewed during meetings of various committees. The General Secretary of Management Committee visits the institute to review the progress of such perspective plan.

Stakeholders' participation in the decision-making bodies highlighting the activities leading to Institutional excellence.

Faculties are a member of various academic and administrative bodies where they participate in the decision-making process.

Students are members of the various bodies including Curriculum Committee, Student Council, Anti-ragging, Cultural and Sports committees etc. Their active role here is the evidence of student participation in all the major events and in decision-making too.

Institute regularly conducts Alumni and Parent-Teacher meetings and inputs are taken for various decision-making processes.
