### 7.1.2 Measures initiated by the institution for the promotion of gender equity-

The institution prioritizes gender equality, ensuring no discrimination based on gender in education, rights, and opportunities. Safety measures include round-the-clock CCTV surveillance across the campus, hospital, and hostels. A secure boundary wall and fencing safeguard female students, coupled with restricted entry protocols. The security team comprises both female and male guards, with female guards readily available for assistance. Facilities like night canteens, gymnasiums with specific timings for girls, and separate hostels with dedicated wardens ensure a comfortable environment. The institute's sexual harassment prevention committee actively promotes a safe space. Additionally, faculty advisors provide mentoring, and day-care services support working parents. Leadership roles like Ladies Representatives in each batch, alongside Class Representatives, underline the commitment to equal opportunities in academics, sports, and cultural programs. This holistic approach fosters a respectful and supportive learning environment, recognizing the significance of every individual's contribution and growth.
